

2024-25 Season NATC FIS Assistant Coach

The National Alpine Training Center Ski Team Association (“NATC”) is a member club of the Nakiska Alpine Ski Association (“NASA”) located in Calgary, AB. NASA consists of 6 independent ski clubs comprising 330+ athletes and 40+ coaches. Working in conjunction with the other NASA member clubs, NATC is committed to delivering an annual athletic program with 100+ dryland days and 110+ days on snow, to Canada’s next generation of FIS athletes so they can attain their maximum, individual athletic potential.

NATC is seeking a FIS Assistant Coach for the 2024-25 season.

Reporting to the NATC Head Coach (HC), the NATC Assistant Coach plays a key role in developing our young talent and providing our NATC team with athletes possessing solid technical base, tactical knowledge, work ethic, passion, and a desire to succeed.

Responsibilities

- Work with HC in designing daily goals for training sessions based on the focus of each block of training.
- Provide a safe and challenging on-snow training environment appropriate for athletic development.
- Deliver dryland training program as outlined by the HC and Strength and Conditioning coach.
- Course setting, video analysis and timing set-up.
- Take ownership of the athletes’ development.
- Submit expenses to LC in a concise, complete, and timely manner.
- Keep up to date training statistics, attendance records and complete report cards for all athletes.
- Ensure all athletes abide by the NASA Code of Conduct.
- As needed, assist in the expense reporting post competition or training camps.
- As needed, assist in the planning and organizing of training camps and/or competitions.
- Ability to travel abroad for camps and races and drive team van to training and competition venues as needed.
- Work with NASA Transportation Safety Officer (TSO) to ensure all NATC vehicles are operating in compliance with the NASA Driver Safety and Vehicle Maintenance Program.
- Ensure all NATC issued equipment is maintained and operational throughout the season.
- Understand the full NASA program and its structure. Actively promote the Club to internal and external parties.
